PROTEST AGAINST ELECTRIC LINE

Representing petitioners and property owners, H. E. Garner appeared before the board of city commissioners last evening and appealed to the members to cause the Salt Lake & Ogden Railway company to abandon its electric car traffic on Healy avenue, between Lincoln and Washington avenues.

Mr. Garner contended that the company has no franchise over Healy avenue and that the traffic has become a nuisance. He stated that cars are left standing on the track, crews of Japs are taken over the line and the avenue has the appearance of a "junk pile." Mr. Garner also called attention to the minutes of the council proceedings recorded in book "T," page 18, which reads that the company was given a right to operate a steam line over Healy avenue for only one year, claiming that no other right-of-way has accrued.

The question was referred to Mayor A. R. Heywood, superintendent of public affairs and finance.

DEEDS DETERMINE A MAN'S WORTH

Rev. George Lowe delivered a sermon last night in the First Baptist church on the thought that a man's worth is determined by his deeds. In part, he said:

"The epistle of James is a brotherly letter by a man that feels the responsibilities that he has thrust upon him chapter 3:1. 'Be not many of you teachers, my brethren, knowing we shall receive heavier judgment.' 'The perfect man, is the theme the

apostle is writing about and when we see the man that has squared his life, his conduct among men, his private life by the apostles' instruction we will see a man that is not far from the perfect life.

"This is not idealistic to the extent it is exclusive for any real man, for he says, 'If any of you lack wisdom, let him ask for God, our God is to be our guide in life, and he is willing and able to give us all that we need for a manly life.'

"Meet temptation like a man, for it is temptation that drags us down, and to know that all our temptations come from our arch enemy, the devil and are not thrust upon us by our God, should encourage us to call upon Jesus Christ man's greatest friend in temptation for the victory that we need in our own life.

"Make your religious life harmonize with your profession for unless you do, you will have a religion of your own and it may not bring you to your desired heaven, let your religious life be one that is pure in God's sight, if you will live right you will treat men right, and then rich and poor alike will find in you a friend and brother.

"Do not seek responsibility, nor do not get a wrong impression of your own worth to the world. This old world went on a long time before you came, and you won't be gone long until you are forgotten, especially is this true if you have lived any other life than the noblest and best.

"Another great aid to the best and highest type of life is to look out for the details of life. Be sure small things do not control you. Be big enough to look over the small things that would hinder you, and at the same time see the real big things of life.

"To know and not do is to commit a great sin against yourself, and will bring regrets that will last as long as life lasts. If you would be happy remember that ill-gotten gain will eat your soul like rust eats iron, and bring you into condemnation at last.

"The 'Perfect man' knows he will meet Christ, as judge of all men, some day, and he is getting ready for that day."

DELEGATES NAMED TO A CONVENTION

At the meeting of the city board of commissioners last evening, O. B. Gilson, John Farr, Thomas G. Burt, David Wheelwright and Lawrence T. Dee were appointed delegates to the Intermountain Good Roads Association convention in Ogden, June 13 and 14.

In response to a communication from the Standard company, respecting special tax for the opening and improving of Hudson avenue, between Twenty-third and Twenty-fourth streets, the board decided to refer the matter back to the city attorney for further consideration. It was the opinion of the board members that the attitude of the Standard in the premises was correct and that a reassessment would be necessary.

The clerk of the Municipal court reported that during the month of April, \$1418.30 had been collected in fines and forfeitures, and fees.

The first partial estimate of C. J. Humphris for work done in the remodeling of the city hall building, in the sum of \$2500, was allowed and the auditor directed to draw a warrant for the amount.

The petition of Horace Gale for the position of night watchman in the business district was filed.

IRON IS GREATEST OF ALL STRENGTH BUILDERS, SAYS DOCTOR

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Run-down People 200 Per Cent. Stronger in Two Weeks' Time in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a well known specialist, who has studied widely both in this country and Europe, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms

of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. If you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents is widely prescribed by eminent physicians everywhere. Unlike the older iron compounds, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The Manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by A. R. McIntyre Drug Co., and all other druggists.

MANY GOOD OPENINGS IN ARMY SERVICE FOR MECHANICS

John O. Carmody, who is in charge of the United States recruiting station in this city, says that he expects enlistments to increase materially by reason of the adoption of a system of vocational training for three and a half hours a day for soldiers. The idea is to give the soldier a fairly thorough training during his term of enlistment, so that should he desire to return to civil life at the end of his term, he can do so, with the ability to make his way.

The necessity for immediately increasing the army by 25,000 men, as a result of the trouble in Mexico, is making the recruiting service department exert peculiar inducements to cooks, carpenters, clerks, barbers, blacksmiths, horseshoers, musicians, pharmacists, electricians, teamsters and other mechanics generally, to fill the places in their lines created by the increase. As soon as these are filled, these opportunities for new men proficient in these lines will largely have disappeared.

FEET AREN'T ACHING OR TIRED NOW--"TIZ"

Use "Tiz" for tender, puffed-up, burning, calloused feet and corns

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.—Advertisement.

BE SEEN AT LOCAL CHAUTAUQUA

The Kaffir Boy Choir, which vied last year with Theodore Roosevelt as the chief Chautauqua attraction of eastern circuits, is to appear in Ogden during the Utah Chautauqua assembly, according to an announcement made last evening by J. C. Herbsman, field superintendent for the Ellenton White Chautauqua system. Supt. Herbsman, who was superintendent of the Ogden Chautauqua last year, was the chief speaker at a banquet given last evening in the parlors of the First Methodist church by the Chautauqua Reading Circle.

Plans for the Chautauqua were discussed at the banquet and a brief program was given, following the dinner. Mrs. Stevens, president of the Chautauqua Reading Circle, presided and introduced Mrs. Georgiana Marriott, who spoke on reading circle work; Mrs. Lilliebell Falck, who spoke on the proposed ticket distribution for the assembly; Dr. E. P. Mills, who told briefly of some plans by the local committee and Supt. Herbsman.

BERRY BOXES ARE TO BE STANDARD

That the state dairy and food commissioners are planning to conduct a campaign for the enforcement of the law with regard to the proper dimensions and capacity of berry boxes, in the near future, was a statement made by City Health Inspector George Shorten this morning. Inspector Shorten attended a conference of the dairy and food commissioners in Salt Lake yesterday and said they would insist that the law be complied with.

The capacity of the legalized berry box is 10 1-2 ounces and a sample may be seen at the city health office in the city hall.

FOUR LEADERS PUT TO DEATH

London, May 8, 10:24 p. m.—Four more of the leaders in the Irish revolt have been sentenced to death by the Dublin court-martial, and executed according to an official statement, issued tonight. They were Cornelius Colbert, Edmund Kent, Michael Mallon and J. J. Heuston.

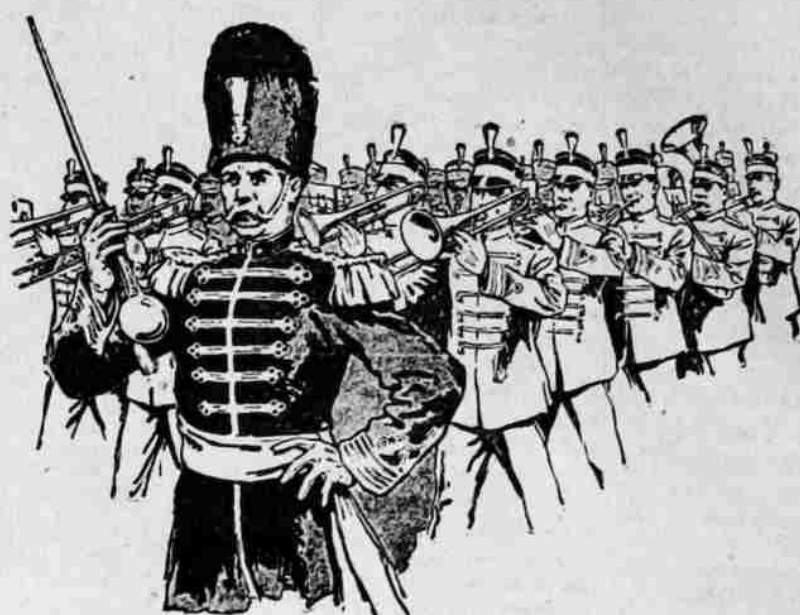

Nineteen others concerned in the insurrection were sentenced to death but the sentence was commuted to various terms of penal servitude. On three others prison terms were imposed. Two were acquitted.

The Irish question was again raised in the house of commons today by Laurence Ginnell, Nationalist, who attacked the government last week on account of the putting to death of leaders of the Dublin uprising. In response to a question from Ginnell, Premier Asquith said he could not give an undertaking that no more men would be put to death, before opportunity was given for a discussion of the matter in the house of commons.

general's discretion. General Maxwell's instructions, which conformed to his own judgment, were to sanction the infliction of the extreme penalty as sparingly as possible, and only in the case of responsible persons guilty in the first degree.

Mr. Asquith said the course to be adopted with regard to the rank and

file was being considered anxiously by the cabinet. Steps had been initiated to ascertain whether government officials were implicated. James M. Sullivan, former United States minister to Santo Domingo, who was arrested following the recent uprising in Ireland, notified the American embassy here from Dublin today that he had been released.
